

## **Advanced Care Plan / Advanced Directive Completed By Patient**

- Do you have an advanced care plan?                      Yes              No
- Do you have a surrogate? If so, please provide the name of surrogate.

- 
- If you do not have an advance care plan, would you like to discuss one with your physician?                      Yes              No

An advance directive is a legal document that states a person's wishes for medical care if they are unable to communicate them themselves. Advance directives can help guide health care teams and loved ones when making decisions about a person's care, such as special actions or emergency care.
